

**Revised Total Coliform Rule (RTCR) Failure to Report Monitoring Events to the State that are Not Related to *E. coli*-positive Sample Results –
Template 3-5**

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

BROOKHAVEN RETREAT PWS 2500024

We are required to report the results of monitoring of your drinking water for specific contaminants on a regular basis by **JUNE, JULY and AUGUST 2017**. Results of regular monitoring for **JUNE, JULY and AUGUST 2017** we did not report the results of monitoring for total coliform samples.

Our system failed to notify the state drinking water program as required by **JUNE, JULY and AUGUST 2017**. Although public health was not impacted, as our customers, you have a right to know what happened and what we did to correct the situation.

What should I do?

There is nothing you need to do at this time. You do not need to boil your water or take other actions.

What is being done?

While we did not notify the state as quickly as we should have, we reported the results in **JUNE 2017, JULY 2017 and AUGUST 2017**. Once we get in our June 2018 sample in we could no longer be in violation.
